

<b>Software Engineering Project</b>		
<b>Weekly Log Template – Individual Submission</b>		
<b>Name:</b>	<b>Team:</b>	<b>Student ID:</b>

### 1. Objectives for the Week (1 mark)

(List the key goals or tasks planned for this week)

### 2. Activities Completed for the Week (4 marks)

(Describe developments done, including methods, tools, and technologies. Please provide screenshots where applicable.)

### 3. Challenges Encountered (3 marks)

(Mention any difficulties or issues faced and how they were addressed)

### 4. Reflections (2 marks)

(Did you receive any feedback from your teammates, and how did you address or resolve it? Did you manage to complete the tasks you intended to finish this week? What will be your top priority for next week?)
